

Dear Sir,

I think it would be a grave mistake to let the LPFM stations have priority over the current FM stations like KLOVE 90.5 FM. I think this station (klove) is one of the best christian radio station on the air. It really blesses and encourages me spiritually. It also keeps me informed on events in my area and around California. The news they broadcast is the kind of news I'm interested in and the information they give is very pertinent. I think they are interested in bringing Christian's from different churches together not just by airwaves but together by the events that are going on in our area. I think it is important for us as christians to have a radio station to listen to when we don't care to listen to other secular station. It would infringe on our constitutional rights. Please don't do it!
